

Join the *Legacy Society*!

Did you know that you can include the Winnetka Community House in your estate plans? By doing so, you can make a meaningful, long-term impact and sustain our ability to serve this community for generations to come.

A common planned gift option is a bequest, which is an easy and powerful way to continue supporting the vibrant future of the Community House beyond your lifetime. This can be accomplished by means of a will, trust, IRA, life insurance policy, or other planned giving methods.

And by informing the Community House of such a commitment, you become a valued member of our distinguished *Legacy Society*, allowing us to recognize and thank you now, as well as to include you in special gatherings where you can connect with Community House leadership.

You need not share the details of your estate plans (including the amount) to become a *Legacy Society* member. And of course, if you would prefer to remain anonymous, we respect and honor that choice.

It only takes a moment to let us know you have planned a gift to the Community House from your estate. Here's how:

- Contact Cam Johnson, Director of Advancement, at camj@mywch.org; or
- Complete a brief, secure, online form [HERE](#)

Sample bequest language to share with your attorney:

"I give, devise, and bequeath to the Winnetka Community House, an Illinois not-for-profit corporation (EIN 36-2182174), in the Village of Winnetka, State of Illinois, (a specific amount or a percentage of the estate) to be used for the area of greatest need."
